

BABY PLEASE DON'T GO

1

Baby, please don't go
 Baby, please don't go
 Baby, please don't go
 Down to New Orleans
 You know I love you so
 Baby please don't go

2

Baby, your mind done gone
 Well, your mind done gone
 Well, your mind done gone
 Left the county farm
 You had the shackles on
 Baby, please don't go

3

Before I be your dog
 Before I be your dog
 Before I be your dog
 To git you way down here
 I make you walk alone
 Baby, please don't go
 Hey

Repeat 1 & 3

Know how I feel right now
 My baby leavin', on that midnight train
 And I'm cryin'

Repeat 1 & 3

Alright
