

**Divin' Duck Blues** open G Riff: GBbCBb x4 C C/Bb Griff D C/Bb Griff

If the river was whiskey, oh I was a diving duck  
If the river was whiskey child, oh I was a diving duck  
I'm gonna swim to the bottom child and oh I'm never ever coming up

Well the sun gonna shine down my back door some day  
The sun gonna shine down my back door some day  
Oh the moon's gonna rise up and you know it's gonna blow my blues away

Solo

Yeah the little girl I've been loving, you know, her hair shine like Klondike gold  
Oh, the little girl I've been loving, you know, her hair shine like Klondike gold  
She got a lean on my body, oh she got a mortgage on my soul

Solo

If the river was whiskey, now, oh I was a diving duck  
If the river was whiskey child, oh I was a diving duck  
I'm gonna swim to the bottom baby and I'm never ever coming up

I'm gonna swim to the bottom child and oh I'm never ever coming up
