

FEEL ALRIGHT

Steve Earle 120bpm - G F C G Riff X4 guitar only
 - G F C G Riff X4 full band

I was born my papa's son G
 A wandering eye and a smoking gun C F G (Riff x2)
 Now some of you would live through me
 And lock me up and throw away the key
 Or just find a place to hide away
 And hope that I'll just go away, huh

Chorus

But I feel alright, I feel alright tonight Em7 D C G (riff x2)
 I feel alright, I feel alright tonight Em7 D C G (riff x2)

And I'll bring you precious contraband
 And ancient tales from distant lands
 Of conquerors and concubines
 And conjurers from darker times
 Betrayal and conspiracy
 Sacrilege and heresy

> **Chorus**

Solo harp – G C F C, G C F C G, Riff X4

I got everything you want or need
 Your darkest fear, your fondest dream
 I ask you questions, tell you lies
 Criticize and sympathize
 Yeah, but be careful what you wish for, friend
 Because I've been to hell and now I'm back again > **Chorus**

.....feel alright.....

riff X 4 (hold G to end)
