

I DON'T NEED NO DOCTOR

Em7 – bluesy riff till drum intro

I don't need no doctor Em7
'Cause I know what's ailing me X 2
I've been too long away from my baby A7
I'm coming down with a misery Em7

I don't need no doctor
for my prescription to be filled X 2
Only my baby's arms
Could ever take away this chill

Mid 8

Now the doctor say I need rest
But all I need is her tenderness
He put me on the critical list
When all I need is her sweet kiss
He gave me a medicated lotion
But it didn't soothe B7 A7
My emotion Em7

solo

I don't need no doctor
For my hope to live is gone X 2
All I need is my baby Baby, Please!
Won't you please come on home
You know what I'm talkin' about?

Riff on Em7 till end

I don't need no aspirin tablets - I don't need no medicated lotion
I don't need, no vitamin pills, I don't need no penicillin
But what I need is my woman, someone to talk to me, early in the morning
Before I rise, I want somebody to say, hey listen up
I don't need, don't need..... No doctor, no doctor
