

ONE HEADLIGHT

Drop D tuning – power chords on bottom three strings – G = 5 5 5 x x x

So long ago I don't remember when G D
 That's when they say I lost my only friend F#m Bm
 They said she died easy of a broken heart disease
 As I listened through the cemetery trees

I seen the sun coming up at the funeral at dawn
 I've long broken all of human law
 It always seemed such a waste
 She always had a pretty face
 I wondered why she hung around this place G F#
 Hey hey hey... [chorus:] G-D-Em-A

Come on try a little G
 Nothing is forever D
 There's got to be something better than in the middle Em A
 Me and Cinderella G
 Put it all together D
 We can drive it home ... with one headlight Em A

[verse]
 She said its cold it feels like independence day
 And I can't break away from this parade
 But there's got to be an opening
 Somewhere here in front of me
 Through this maze of ugliness and greed

I seen the sign up ahead at the county line bridge
 Saying all is good and nothing less its dead
 Running till she's out of breath
 She ran until there's nothing left
 She hit the end its just her window ledge

G F# Hey hey hey... [chorus]

This place is old feels just like a beat up truck
 I turn the engine but the engine doesn't turn
 With smells of cheap old wine and cigarettes
 This place is always such a mess
 Sometimes I think I'd like to watch it burn

So alone I feel just like somebody else
 Man I ain't changed but I know I ain't the same
 But somewhere here in between
 These city walls and dying dreams
 I think her death it must be killing me G F# Hey hey hey... [chorus]
