

ROOTS REGGAE MUSIC

Drum Bass intro > (Am)

We're Groovin' Em Alright we're movin' Am
Wo Oh Yeh He Em **horns riff X 2**

Chorus X2

We're grooving Nothing like roots reggae music
Now turn it up I wanna lose it Nothing like roots reggae music

Higher self-meditation The music brings upon me
Mixed with the healing of the nation Well now that's all I need
Cause it's the perfect combination We're moving at our own speed
We're talking higher concentration So keep it moving with me
Yeah let me tell you now **Chorus X 2 horns riff X 2**

Feel the vibes of the music, it's alright
Cause when the music hold you You stay out all night
You wanna jump, You wanna shout, You wanna skank
You wanna shout it all about
And let the whole world know
The music has got you oh oh

[We wanna move we wanna groove
We wanna move we wanna play it non-stop] (x2)

Because you can't stop this feeling You can't stop this groove
Can't stop this music You can't kill this mood
Music is the message
The message in the music
Never leave sight
In the right time
It'll give light
Well let me tell you now

Chorus X 2 horns riff X 2 Break down

Ad lib - Alright we're moving Grooving We're grooving
