

TROUBLE

Didn't come to make trouble
Cause we're on the rise
We've a will for survival
Given no cup of lies

CHORUS

But I just one day in the sun
Hanging out having fun
I didn't come to make trouble
Agh ha ha ha

Wait a minute what you say
You wanna smack my face
Well your bitching baby
Don't make me trash this place

REPEAT CHORUS

I didn't come to make trouble
Just like a wrecking ball I,
Can't keep my big mouth shut I
Can't seem to get beyond
Trouble is just much too much.....
Fun

Break

I try to talk like a good woman
I try to walk like a good woman
When I talk, damage is done
When I walk in, the angels run
I try to talk, I try to walk
agh agh agh
Woah Noah wo

Just like a wrecking ball I,
Can't keep my big mouth shut I
Can't seem to get beyond
Trouble is just much too much.....

riff X 2

I didn't to make trouble
But there's a war on the rise
We were built for survival
I give no compromise, oo yeah

'cause I want day in the sun
hanging out having fun
I just want one night on the floor
Laughing like a rooster crow
I didn't come to make..... X 4 – Trouble!
