

## WORRIED MIND

*Blues – Peter Green*

1

You know life can be so sad  
Sometimes you just sit right down – and cry X2

Sometimes your luck just gets so bad  
Baby you'd better off if you died

2

I've tried hard not to remember  
Baby/people, I've tried so hard to forget X2

I can't my stop wondering  
Back to the days I was a down trodden kid

3

Some folks get such a good life  
You know they just get on the big train and they ride X2

I would spend most of my days  
Running and hiding from the world outside

4

If ever get to heaven  
You know that sure would ease my worried mind X 2

When I find that place in the sky  
People I'm gonna leave this world behind
